

Wayland Academy | Wayland Hall Donor Wall

CLIENT

Wayland Academy
Robert Esten, President
920.356.2120

LOCATION

Beaver Dam, Wisconsin

DATE

Fall 2009

PROJECT SCOPE

55" X 100" Donor Wall

MATERIAL/PROCESS

Corian®, Glass, Wood

BUDGET

\$20,000

Illuminated glass with an etched image and sand-blasted copy present this striking donor recognition display. The magnetic signage system is created with a total of 281 precision-fitted inserts featuring digitally printed graphics and laser-cut copy for donor names. As each Corian® insert illustrates the level of giving through size and scale, they can be replaced for any necessary updating. With a wood enclosure, the entire piece coordinates with the building's renovated architecture.
