### PROJECT SCOPE

96" X 180" Founder Wall

### MATERIAL/PROCESS

Zinc

### BUDGET

\$25,000

These grand, rectangular sheets of zinc create an organized, honoring display that constitutes as a reminding appreciation to dedicated contributors. Groups of donors are appropriately sized and placed in columns according to each level of giving. After formation through CNC routing and paint filled graphics, the project remains mechanically fastened with a subtle, natural finish. Just as each donor saw the chance to make a difference, so too will this piece of recognition.
