

## UW-Fox Valley | Communication Arts Center

### CLIENT

University of Wisconsin - Fox Valley Communication Arts Center  
Lisa Weiner, UW Fox Valley Foundation  
920.832.2849

### LOCATION

Menasha, Wisconsin

### DATE

2009

### PROJECT SCOPE

69" X 68" Donor Wall

### MATERIAL/PROCESS

Acrylic, Laminate, Lumicor

### BUDGET

\$10,000

With a unique radius design to conform around a curved wall, this recognition display also includes the option of dismantling and recycling if needed, meeting the guidelines of the LEED Green Building Rating System. The colorless acrylic panels featuring donor names include a patterned finish that prevents any potential glare from accent lighting. Laminate appearing similar to cherry wood and panels of Lumicor with enclosed grass pieces create a background that complements with the facility's surrounding interior elements and architecture.
